Projects

BrilZen *(IT Startup)*

Marketing Manager

December 2024 – September 2025

As a hands-on marketing leader who joined at the startup stage, I took full ownership of client acquisition, strategy development, and execution across global projects from day one. I built and directed comprehensive marketing programs for diverse clients including early-stage startups driving rapid business growth, market visibility, and measurable ROI through tailored campaigns, in-depth market research, high-impact digital content (video, blogs, social media), and cross-regional team coordination. By managing end-to-end client relationships, mentoring teams, overseeing timely delivery in multiple markets, and continuously optimizing performance with data-driven insights, I delivered consistent results, fostered strong partnerships, and scaled operations effectively in a fast-paced startup environment.

Brighto Paints

Nov 2022 – Jul 2023

I managed the planning, development, launch, optimization, and maintenance of an ecommerce application for multinational electronics manufacturer, Haier. The successful mobile application named Jo Chaho was available on both iOS and Android. I included a wide range of products from Haier in this application, including bestsellers. Jo Chaho was downloaded by over 100,000 users on Google Play Store and Apple App Store. Moreover, I aligned the launch campaign of Jo Chaho with telecommunication giants, Jazz and Zong.

Huawei

Marketing Consultant

May 2022 – July 2023

I helped plan and execute the successful launch of the Huawei Band 7 smartwatch, giving tough competition to competitors Apple and Xiaomi. Huawei smartwatch held 6.7% share in the global smartwatch market in 2022. In 2023, I was involved in launching smart devices with Huawei's new High-level Operating System (HLOS), including the Watch 4, Watch Pro, and Watch GT 4. This resulted in it being the best quarterly performance of Huawei to date in the third quarter. HLOS-powered smartwatch shipments increased by 122%. In 2024, I was part of the team that launched the Huawei Watch Fit 3, which was a great success, leading Huawei's global share to increase to 10% in the first quarter.
